It's your responsibility to find the best tenant for your property. Our responsibility is to provide you with the valuable information and history behind the business and lease signer so you can make that decision. Our commercial tenant credit screening is designed especially for commercial landlords; we screen both the business and the lease signer.

In addition to being available online, our tenant screening experts are on-hand to help answer any questions. We understand how important background checks are. That's why we ensure our reports are comprehensive and we're available to our clients for ongoing support. **If you need any assistance, please feel free to call us at (800) 523-2381 or fill out our online form.** TSCI offers premium commercial tenant screening services paid for by the applicants or the landlord.
